

November 29, 2021

We currently have cases of COVID-19 in the facility. Four residents and one staff member have tested positive. All measures required by the CDC and the MA Department of Public Health are being followed. The resident cases are confined to our second floor. The employee is at home self-quarantining. Testing is being done at appropriate intervals. While visits may continue, we strongly discourage you from doing so until further notice.

If you decide to visit, a face mask must be worn at all times and in all locations on the second floor.

If you have any questions, please direct them to our nursing management  
or supervisory staff

Jeffrey Diminico – Administrator
