

November 22, 2021

We currently have 2 residents who tested positive for COVID-19 and are under strict isolation. These cases are confined to our second floor. According to DPH guidelines, residents and staff residing and working on this floor will be tested regularly at 3 day intervals for at least one week. While visits may continue, we strongly discourage you from doing so until further notice.

If you decide to visit, a face mask must be worn at all times and in all locations on the second floor.

If you have any questions, please direct them to our nursing management or supervisory staff.

Jeffrey Diminico – Administrator
